Career Objective

Passionate and detail-oriented final-year Computer Science Engineering student with internship experience in Quality Assurance Testing and UI/UX design. Currently building expertise in Flutter development and eager to contribute to user-focused software solutions. Seeking a dynamic tech environment to grow as a full-stack Flutter developer and create impactful applications.

Skills

Languages & Development: Dart, Java, JavaScript, HTML, CSS, Flutter, Firebase, React

Tools: GitHub, Firebase, Blender, VS Code, Slack, Zoho

Testing: Manual Testing, QA Testing

Soft Skills: Problem-Solving, Collaboration, Communication

Projects

Drug Network Detection via Messaging Platforms – Smart India Hackathon 2023

Built a tool leveraging AI and forensic analysis to detect illicit drug communication across messaging platforms like Telegram, WhatsApp, and Instagram.

Indian Knowledge Systems (VR Learning Module)

Developed a VR application to teach traditional Indian martial arts (Kalaripayattu) using immersive 3D simulations for educational purposes.

AI Chatbot for User Queries

Created a chatbot system with natural language processing to simulate intelligent responses and improve user engagement across web interfaces.

Education

B.E. in Computer Science and Engineering

Jansons Institute of Technology, Coimbatore, Tamil Nadu

CGPA: 7.75 | 2022 – 2026

Professional Experience / Internships

UI/UX Design Intern – CareerNinja | Feb 2024

- Designed intuitive and responsive UI components for educational platforms.
- Collaborated with developers and product team to enhance user flows.

QA Tester Intern – Tartlabs | Onsite (3 Months)

- Performed manual testing and bug reporting for web and mobile applications.
